

°C-Day: Fill The Hill

Change is a Team Effort

From the first drop of the puck, athletics have brought Canadians together. Whether it's a game of pick-up ball, two-hand touch on the school yard, glowing hearts with Olympic pride, or crowding the tube for Hockey Night in Canada, sports are the fabric of a very large and loyal Canadian community.

Never have we needed Team Canada more than in the face of the climate crisis and a hesitant Parliament. The risks and costs of climate change are devastating and irrevocable. That is why this **October 24** we need you, your team, your fans, and your mascots to **FILL THE HILL** for a future in which we can play on.

C-Day: Fill The Hill is Canada's largest event to recognize 350.org's

International Day of Climate Action. On October 24, millions of people in cities all around the world will unite in a global call for fair and binding climate agreements at the UN Conference on Climate Change in Copenhagen this December. In Canada we will converge on Parliament Hill to join in that call and urge our government to take action now..

C-Day is a grassroots movement being coordinated entirely by volunteers from across the country - people like you who have too much at stake to sit on their hands. This is a peaceful and positive event for the whole family. We hope to see you on The Hill!
